

COVID-19:FAQs FOR PET OWNERS

Can I bring my pet in?

YES!

Can my pet catch Covid-19?

Almost certainly not!

What are you doing to keep the practice safe?

We are frequently sanitizing surfaces, making sure that sick employees or clients stay home, and are encouraging drop off and “car” appointments.

What are these “car” appointments you speak of?

Simple! You’ll park at our hospital, give us a ring, and our team will come out to your car and take your pet (please have dogs on leashes and cats in carriers) while you wait in the car. Once your pet’s appointment is over, we’ll take them back to you.

What should I do if I’m sick?

Please give us a call so we can make special accommodations to pick up your pet so that we can make sure to keep everyone safe.

We know that this can be a stressful time for everyone. Just know that we are here for you, and we will all make it through this together!
